"CLEAN UP" CITY'S SLOGAN TO JUNE 1st

"SPOTLESS" TOWN AND US JUST DITTO

A SURE THING

You may win—you cannot lose—what more can you ask? I am referring to the large prizes which the Chamber of Commerce is offering every one of us to clean up our lots, business places and orchards. If you win one of the prizes—fine! If you do not win a prize, you have added many dollars to the value of your property, by making it more attractive and you have done your part towards making our city clean, sanitary and beautiful. Let us all get busy and do our best to make Upland the Cleanest as well as the "Best Little City in San Bernardino County."

A. H. JOHNSON,
President of City Trustees.

"Clean Up" is to be the official password within the confines of the city from now until June 1st and after June 1st "Keep It Up" is to be added.

Today, through the Chamber of Commerce Committee, renewed energy is being instilled into the people for a concerted effort toward making the clean up more far reaching and more thorough. Excellent results have been obtained thus far, but there is a lot of work yet to do before the work can be said to have been thoroughly done.

June 1st the committee to award the prizes offered by the Chamber of Commerce will inspect the residential and business section of the city, and not only to win the prize but to assure a clean city, every effort is to be put forth to carry on the good work which was placed under way several days ago.

FROM "FIRE CHIEF MEHL

The Upland Chamber of Commerce is making an effort to make our city appear more beautiful, by getting every property owner to clean up his own property and offering prizes of various classes.

The part that appeals to our fire department in particular is that they require the back yard and alley to be clean as well as the front yard and gutters.

There is a state-wide movement for fire prevention and if every property owner would only take a little pride and clean up around his place our percentage of fires would be greatly decreased.

I think it is up to every resident of our city to get back to this movement because you help to beautify the Biggest Little City in San Bernardino County and protect your own property at the same time.

E. C. MEHL.

SAYS HEALTH OFFICER BOWMAN

In order to accomplish the desired clean up of the city of Upland it is absolutely necessary that we all cooperate and work together to a common end.

Upland today lacks a public toilet, under city supervision, and I hope the time will come some day when in Municipal Park we may have a toilet built beneath the surface of the park. Monrovia today has such a toilet and it is not only a great adjunct to the city, but is made attractive by placing vines and flowers about the entrance.

As Upland lacks this, the best we can do at this time is to keep all toilet rooms in the best condition possible. Cleanliness is absolutely necessary in order that we may all enjoy good health, so during this clean up let's see that toilets, especially those in business houses and public waiting rooms, receive special attention and are always kept clean.

Your back yard, your chicken yards and everything about your place of residence which tends to draw flies and thus breed still more of them, can with a few moments spent each week, be kept in excellent condition. We have an ideal city in which to live and by making it free of possible disease-breeding places, it will be all the more ideal.

E. R. BOWMAN,
Health Officer.

It might be difficult to tell a Coxey's army from a parade of fashionables to bring down the cost of clothing.

The external evidence is certainly against the allegation that Hoover spent huge sums to carry California

OPEN MEETING IS LARGELY ATTENDED

The open meeting of the Chamber of Commerce held last Tuesday night was very well attended and everybody was interested in the address given by Don Francisco, who talked in a most instructive manner on the "Advantages of Advertising."

Mr. Francisco, who is the chief of the advertising department of the California Fruit Growers Exchange, is responsible for the attractive advertisements in connection with the Sunkist fruit, and he gave several facts to show how the increased demand for California oranges and lemons was due to the advertising they received.

"Advertising," said Mr. Francisco, "is the art of telling the truth with the object in view of increasing the demand and inspiring confidence in whatever you have for the market." The benefits to small merchants through advertising was touched upon, as was also the advantages of cooperative advertising.

At this meeting the subject of raising the tax rate in Upland was brought up and Mr. George B. Harrison, chairman, asked Mr. C. E. Grier to speak to those present regarding the election on May 28th. Mr. Grier urged every one to vote for the increase of the tax rate, the proposition being a 25 per cent raise on every \$100 assessed valuation. The city needs more money for the proper conducting of its affairs and if the money is not obtained in this way, some other means of adding to the income will have to be thought of.

Conditions being such that the upkeep of the city cannot be attended to in a proper manner without more revenue. The election will be held on May 28th and several leading men offered to take people to the polls on that day. P. H. Norton, L. R. Bradley, R. F. Lemon, Harry Harlow, E. W. Henry and C. E. Grier all volunteered, and it is hoped other public spirited citizens will offer to do the same.

The committee in charge of the evening's entertainment were G. A. Hanson and C. V. Barr. Refreshments of ice cream and cake were served, and a musical program given by John Brogan and Fred Parker.

JUPITER SURPRISES SOUTH CALIFORNIA

A freak rainstorm appeared on the scene last night and though Southern Californians thought the rainy season was past, they were somewhat mistaken, as a heavy downpour continued a large part of the night and it was still at this morning. Thunder with numerous streaks of lightning made the night all the more interesting.

In the year 1905 the month of May saw 3.54 inches fall, which is the largest amount of rain in May for some twenty-eight years. In May, 1919, .78 inches fell. June has not experienced a rain in twenty-six years according to the records kept by A. P. Harwood, while July during that same period has had a little over one inch.

The storm last night caught the First National Bank unprepared for the event. With only a temporary roof during the rebuilding of the bank, water entered the building and caused general confusion, while men were busy this morning endeavoring to keep the water from entering.

CLIMBS POLE TRYING TO DODGE TRACTOR

A studebaker car driven by K. M. Barton of Glendale, who with two friends was on his way to Big Bear Lake, on a fishing trip, had the misfortune to try to climb an electric pole on San Antonio avenue, near the State Highway, this morning, in an endeavor to avoid running into a tractor belonging to the Stewart Fruit Association.

Mr. Barton swung south on San Antonio when he caught sight of the tractor but evidently lost control of his car with bad effects to the machine, but no damage to the occupants. The front end of the car was smashed and the fishing trip postponed. The tractor was untouched and no one hurt.

EUCLID WORK PROCEEDING

The curb of the west side of Euclid avenue as far north as 24th street is now complete and on the east side it is complete to 19th street with the exception of one block between G and Eleventh and that will be done by Saturday night. The subgrade from 11th to 12th is complete and the rough grading is practically done. The pouring of the concrete will probably be under way the latter part of June.

The county road gang under Jas. Cole is grading Mountain avenue from 24th to 26th street.

COUNTY COUNCIL OF SOCIAL AGENCIES MAPS DEFINITE PROCEDURE

Having made a complete survey of the social service work being done in this county, the County Council of Social Agencies has outlined a definite line of work to be carried on during the coming months. The second meeting was held last night at the Hospitality Center of the Y. M. C. A., San Bernardino, and following an appetizing dinner the program and a discussion of the work already carried on were discussed.

The evening meeting was opened by Miss Lois Aldridge, who sang "Call Me No More," by Cadman, and "I Wonder If Ever the Rose," by Slater. She was accompanied by Miss Ethel Phillips.

With care to the details Mrs. J. J. Sues of Redlands, Mrs. Jacob Bohlander of Colton, Charles O. Goss of Ontario, Mrs. L. V. Barnett, city nurse of Upland; Rev. M. K. Stone of Victorville, and Mrs. C. F. Troeller of Upland outlined the work being done by the social service workers in their respective cities. Mrs. Maude S. Bell spoke on the work being done in Sonoma State School for the Feeble Minded, and Miss Clara Campbell of the work being done at El Retiro, in San Fernando county, for delinquent girls.

Each of the speakers took up the survey of the work under the heads of relief, corrective relief, educational work, health attention, and recreation. It was found that in practically all of the cities some work was being done in all of these lines. Mr. Goss of Ontario brought out the need of spiritual aid that was felt in his community and from him and the other workers many valuable suggestions were secured.

Dr. Coy, who was unable to attend the meeting, sent a very comprehensive report of the work being done in San Bernardino. It was read to the company by Mrs. Maude S. Bell.

A. H. Belsner of the Y. M. C. A. presided at the meeting and gave a formal expression of thanks for the survey which had been so carefully carried on by the workers. The rest of the evening was devoted to reports from the conference in Riverside and suggestions for new work to be carried on by the organization.

For Colored People

William A. Johnson, representative of the National Association for the Advancement of Colored People, made a splendid talk on the work being done by that association. He made a strong appeal to the social service workers for their cooperation and assistance. His address was vivid and well received.

Impressions from the Riverside Conference of Social Agencies, which was held two weeks ago, were given by Mrs. F. H. Pritchard of Colton and by Rev. A. G. Fessenden. The conference and the big points emphasized by the workers gathered there were carefully brought out by the two speakers last night. A very thorough review was given and suggestions for the betterment of the work in this county were given.

Mrs. R. F. Garner gave a message from the California State Federation of Women's Clubs, which was held last week in Sacramento. Dr. Cran-dall urged cooperation as the central theme of the work to be done by the new organization and others made suggestions of possible work to be taken up.

In his concluding talk A. H. Belsner asked that all of the vice-presidents work to establish free employment bureaus in all of the districts now represented in the council and that further cooperation among the social agencies be carried out.

The next meeting of the council will be held in Ontario early in September. Any one interested in the work may secure information concerning it through the County Welfare Commission.

MASONS HOLD SPECIAL MEETING

Upland Lodge, No. 419, F. and A. M., held a special meeting in their lodge room last Wednesday evening. Representatives were present from the Pomona, Claremont, Azusa and Ontario lodges, as well as the so-called Journeymen of Upland. The occasion for this large gathering was the conferring of the third degree.

There was music, cards, "smokes" and to finish up the evening properly the "cater" were served at a late hour. Lincoln is said to have decided that the right length for a man's legs was the length necessary to reach the ground, so the length and nature of this write-up signifies that everybody had a good time.

AMERICAN LEGION MEMBERSHIP DRIVE

Every ex-service man or woman in Upland who has failed to join the American Legion is urged to do so before Saturday night, May 22nd, as the national drive of this organization closes on that date.

We are a small Post here but we want to have 100 per cent of all the boys and girls too, if there are any, join our Post and make as good a showing as possible. Upland has never fallen down yet on going over the top, so any ex-service men who have been putting this matter off, be sure and see Harry H. Plum, chairman of the Membership Committee, or get in communication with some member of this Post.

We want you with us. We have some great plans in view for this Post. We are going to have a club house that will be worth while, where you can take your friends, have your parties, etc., at any time. We have a rifle range and rifles and equipment for same, which will be at your disposal.

The sole aim of the American Legion is service—service to the community, state and country. Its first thought was of its disabled comrades and of the dependents of those who made the supreme sacrifice. It obtained the passage of the Sweet bill by congress, which raised the compensation paid a totally disabled veteran from \$30 to \$80 a month. Think of it. Through cooperation with the War Risk Bureau, it has helped straighten out tens of thousands of cases and obtained for the dependents of men who died, their just compensation.

We have been misunderstood and first by organized labor, but nearly all unions have passed resolutions supporting the Legion and urging their members who are ex-service men to join. Sam Gompers has endorsed the American Legion.

The American Legion is non-partisan and non-political. No class and no creed dominates its thought or action.

We started together—let's stick together—JOIN NOW!

MISS GREENLEAF IS POPULAR DESIGNER

The J. W. Robinson Co. of Los Angeles is showing a number of most exquisite and charming smocks designed exclusively for them by Miss Marie Greenleaf of Ontario. The designs are beautiful creations of color and line used in very individual ways to conform with the style of the smock. Some are exquisite conceptions of fairy flower gardens; others are dignified and unique in design, and still others are striking in character and color. They are all creations of art and have gained the distinction of being the most beautiful smocks on the market.

Miss Greenleaf has been designing these delightful smocks during her leisure, for the past two years for Robinson's and has gained the widespread reputation of an artistic designer. Her color and designs cannot be excelled.

The J. W. Robinson Co. has arranged a number of beautiful window displays of these La Belle Marie Smocks, which have been admired by many, many shoppers.

There is a great opening in the field of art for this particular work and we wish Miss Greenleaf success in her enterprise.

IN THE SHADOW

The news of the death of Miss Sadie Jewel Dinger came as a shock to her many friends here, as they had not realized she was so seriously ill.

Miss Dinger, who was the third daughter of Mr. and Mrs. Ira Dinger, of West Thirteenth street, was a sophomore at Chaffey High and was only away from her studies at school just a week before she died. Following her sudden indisposition of ten days ago she was taken to the Pomona Hospital where an operation for mastoiditis was performed from which she failed to recover and died on Tuesday, May 18th, at the age of 18 years four months and 24 days.

The funeral was held Thursday afternoon from Draper's chapel in Ontario, the Rev. C. A. Kent officiating at the service, and interment was made in Bellevue cemetery. The music for the funeral was under the direction of Mr. Earle Biakeslee of the Chaffey musical department.

Miss Dinger leaves three brothers and three sisters as well as her father and mother and many relatives and friends who will miss her sadly.

UNCLE SAM TO SEND 100 MEN TO CHAFFEY

NAMES OF BOYS IN TROOPS 1 AND 2 OF BOY SCOUTS

So many people are interested in the Boy Scout movement that the following account of the local troop and patrol may prove interesting.

A troop is composed of four patrols each having eight boys. Upland has two patrols at the present time and a great many boys are wishing to join but the difficulty is to find leaders for them.

Below are the names of the patrols and the Scout Masters of the Upland troops:

Upland Troop 1
Troop Committee—O. E. Atwood, J. E. Goodban, J. W. Bryden.
Scout Masters—Cleo Moser, Herbert Hall.
Scout Executive—Secretary Chas. W. Alford.

The Scouts by Patrols
Wolf—Avery Allen, patrol leader and troop treasurer and bugler; Paul Wedel, assistant patrol leader; Tom Craig, Almon Allen, John Andreas, Kenneth Sikes, Elliott Bowman, Robert Hobbs.

Eagle—Frank Eaton, patrol leader and troop librarian; Paul Harwood, assistant patrol leader; Allen Moser, Leavenworth Wheeler, Elwood Zillgit, Culver Smallwood, Paul Moore.

Stag—Lorraine Lock, patrol leader; Cletice Bigley, assistant patrol leader; Lacy Handley, Merrill Smith, troop scribe; Elmer Allen, Burton Riley, Scott Churchill, Don Towler.

Upland Troop 2
Troop Committee—O. E. Atwood, J. E. Goodban, J. W. Bryden.
Scout Master—R. C. Stone.
Scout Executive—Secretary Chas. W. Alford.

The Scouts by Patrols
Owl—Ernest Stone, patrol leader and troop bugler; Phillip Leahy, assistant patrol leader; Robert Stone, Harold Mock, Randall Bryden, Veri Dinger, Norman Springer.

Beaver—Edward Wright, patrol leader; Leo Welland, Clyde Galbreath, Emil Zenz, Royal Harvey.

HORTICULTURISTS SEEKING BET- TER QUARANTINE LAWS

John P. Coy, county horticultural commissioner, will leave the last of the week for Sacramento, where he will attend a conference of all county horticultural commissioners of the state, with a view to considering legislation that will be laid before the next session of the state legislature next winter. He will be absent several days.

Legislative program asked for at the last session of the legislature failed at the last moment after every one supposed that it was as good as passed. Some of the things asked for at that time will be again placed before the legislature. Some marked changes in the quarantine laws will be asked to better protect the growers of the state against insect pests and diseases found in other sections of the country. One of these changes will probably be to compel common carriers to send all shipments of fruits and trees to a common point of inspection.

Another feature is the truck transportation. Present laws were framed to cover railroad transportation and the coming of trucks has brought a need for changes in the laws.

"While our California quarantine laws are probably the best in the world today," said Mr. Coy, "conditions are continually changing which require changes in the laws to meet them. For that and other reasons we find it necessary to seek new enactments from the legislature from time to time."

While the county has been remarkably free from citrus scale of nearly all kinds since the hot wave of a few years ago, the scale has been gradually creeping back and the weather this spring has been particularly conducive to growth of the scale. As a result several fumigating outfits will work in the county this season.

MARINES PUT TABOO ON THE UMBRELLA

Did you ever see a United States Marine in uniform carrying an umbrella?

Pedestrians on Fourth street, San Diego, caught a glimpse of a Marine recruit carrying a contraband "umbrella" during a rainstorm recently. At the very outset of the recruit's journey two older Marines met him, took the umbrella away from him, broke it up before his horrified gaze and gave him a severe lecture on military proprieties.

There is no service regulations to prevent the carrying of umbrellas by uniformed men, but there is an unwritten law of the Marine Corps which puts the taboo on the umbrella.

VAST PAYROLL AND MANY RESIDENTS

At a special meeting of representatives of institutions in Southern California where rehabilitation work is being carried on it was learned that the agricultural students of the Southwest will be sent to Chaffey.

Dean Charles J. Booth attended the conference. Dean Booth has charge of the work in the local institution, and has given the closest attention to the needs of the Service men during the past year.

It is not generally understood by the public how great a benefit to the Chaffey district accrues by the presence of the Service men. The government is planning to send at least 100 men here for agricultural and shop work next year. The school will be paid by the government the costs of educating the men. The men receive their expenses from the government, and the annual payroll of these men will amount to over one hundred thousand dollars. This means that Chaffey has accomplished what is equivalent to the securing of a manufacturing establishment with an annual payroll of \$125,000.

It means more to the community than this. Many of the men are home seekers and will eventually locate somewhere in Chaffey Union High School District. Any one familiar with the fifty-seven Service men now in attendance at Chaffey Junior College of Agriculture knows that these men are a credit to any locality; they are an intellectual and moral, as well as a financial asset. A large number of these men are Honor Students in the Junior College. They are all men of the American Legion, an organization that is destined to become the greatest organization of America, and hence the greatest force in the world.

MERTON E. HILL,
Principal of Chaffey.

M. E. HILL, SUPERVISOR

Next year the Ontario schools will end their elementary school course with the sixth grade. The Junior High School system has been organized, being practically the same as the intermediate in use now in so many of the leading cities in the country.

At a meeting held on Tuesday, of the school trustees, it was settled that Merton E. Hill, principal of Chaffey Union High School, will have supervision over the Ontario grammar schools as well as continuing the splendid work he has always done for Chaffey.

Under the direction of Mr. Hill there will be no break in the school course, the pupils receiving instruction in an unbroken line from the beginning in the grade school through Junior High, Chaffey High, and Junior College.

The Eighth street school house will be used for twelfth graders in the Ontario city schools, the high school furnishing special training in manual training, music, drawing and home economics, and the departmental work being done by regular teachers in English, history, geography, Spanish and mathematics.

The hours of instruction will be the same as in Chaffey High School and the pupils will be taken to and from Junior High School building under the charge of the authorities.

All teachers will be retained and the minimum salary has been increased to \$1500 payable in twelve monthly installments. In order to make possible this schedule less teachers will be employed if necessary.

A special development course will be given for teachers at Chaffey Junior College, which will make possible more efficient instruction.

ANTON KEYZER PASSES

Anton Keyzer, who for the past two years has been ill, died yesterday afternoon at the age of eighty-five years.

Mr. Keyzer will be remembered as one of this city's pioneers, for he came here when the town was in its infancy and together with his sons, and his daughter, Mrs. DeF. Walton, established the first bakery operating here.

Mr. Keyzer also built the brick building on Second avenue occupied by Mac's Pharmacy, where for several years his bakery was conducted. During his active years Mr. Keyzer formed a wide acquaintance.

The funeral service will be held from the St. George's Catholic church, Ontario, at 10 o'clock Saturday morning, Rev. Harley Jas. A. Martin officiating.

Cleanliness Is Next To Godliness

JUNE 1st is the day set when the Judges will decide which is the cleanest, neatest and best kept place in the City of Upland.

CLEAN UP

You, no doubt will be the winner, yes, you will be the winner in more ways than one—then in order to make an extra nice, clean job of it, open either a **Commercial or Savings Account** with **The First National Bank** Interest paid on Savings Accounts

A PLAIN TALK TO CITRUS GROWERS

When studying our problems of orchard fertilization we find many and varied opinions as to the proper amounts of the different fertilizers to apply, the method of application, etc. We have yet to find the rancher who doubts in the least the absolute certain value of a good application of No. 1 Barnyard Manure. It can be applied any time of the year with a certain assurance that you will get value received.

A good time to cover your grove is just before you do your spring work, so as to work the manure well into the ground. You will find many of the most successful ranchers doing this at this time, it being an exceptional spring for thoroughly working the soil and getting the manure well mixed with it.

We take pride in selling only the best manures and in making prompt deliveries.

State Bank Bldg., Pomona GEO. H. SCHISLER Phone 87

SOAP, WASHING POWDER, WATER AND LOTS OF MUSCLE

—There's nothing equal to this recipe for making everything shine. But you can reduce the Muscle work at least one-half if you use the Soaps and Washing Powders we have here.

—Don't forget Brooms and Dust Mops—we have 'em all sizes and kinds.

—Why not order now and cut you work in half?

—Don't forget Hoisum Bread and Golden State Butter.

HARMONY AND UNITY THE REPUBLICAN SLOGANS

The Republican national convention which will assemble at Chicago on June 8th will be in many respects the most important national gathering of the party since in that great mid-west city which has been the scene of so many Republican national conventions, Lincoln was named for the presidency in the historic wigwag on the shores of Lake Michigan.

The convention will be of surpassing interest not only because of the contest for the presidential nomination, participated in by the adherents of so many strong candidates, but because it is generally recognized that at this convention will be named the next president of the United States, and the platform adopted will foreshadow the program to be developed at Washington by the executive and legislative branches of government during the next four years.

It is especially important that at this important time in party and national history Republicans generally should subordinate individual aims and personal ambitions to the general good of a cause which is far larger and vastly more important than the interests or desires of any individual or group could be.

Healthful, wholesome rivalries for posts of party leadership within a political party are a sign of vitality and not of decadence. It is important that in such contests there should be a fair field and no favor or discrimination.

But partisanship for individuals should never become such an obsession that the larger good of party and of country are forgotten in the violence of support or antagonism.

It would scarcely be possible for the Republican party to make a mistake in the selection of a standard bearer this year, so strong is the field of candidates at hand from which to make a selection. In the preliminary contests for election of delegates to the convention every candidate and element has been given a square deal by the national party organization. The choice of a candidate, when made, will represent the deliberate judgment of national Republicanism.

Just at present administration organs throughout the country are making much of the theory that Republicans are again going to hand control of the country over to a minority party through a "split" or "bolt" in the convention, followed, possibly, by the formation of a "new party."

In all these vain imaginings the wish is father to the thought. Seven years of Democratic maladministration are the fruitage of former Republican division. With that object lesson before them Republicans do not intend to commit again so calamitous an error.

Now as never before is a time for Republican unity and harmony. It is a time for sending to the rear all factional leaders who place selfish personal welfare of their party and country.

The nominee of the Chicago convention will be the next president of the United States. The Republican party is much stronger with the people of this country today than any individual within or without the Republican party. The people are anxiously awaiting the hour when they may constitutionally turn the Democratic party out of power, and restore to national authority the alternative party which for half a century so intelligently, faithfully, patriotically and successfully served the nation.—National Republican.

ONE OF THE PEOPLE

In New Zealand the other day on his tour of the British possessions, the Prince of Wales ran into a railroad strike. All traffic was stopped. However, the prince was informed that there would be no difficulty in finding men to run the royal train, though the trainmen would not run trains for the people.

"That being so," the prince responded, "they cannot run trains for me. I am one of the people."

It was a politic remark. We have no reason to doubt his sincerity in uttering it. Much water has run down stream since the Stuarts afflicted England and it was held that the people gained their rights thru the favor of the monarch. It involved considerable trouble to convince that haughty line of kings that they were in error as to their belief that they held power by gift of God. To demonstrate that the people were supreme the Scotch line was kicked

out and set aside for a German strain of monarchs.

That the heir to the British throne has learned the lesson of history seems proved in the remark credited to him. He recognizes that he is one of the people and that if he becomes monarch in succession to his father it is by grace of the people of Great Britain. No doubt the prince appreciates that kings can retain favor only as they by their acts merit it. Events of the last few years have impressed that fact on more than one who thought himself "anointed of the Lord."

While it is understood that the occupant of the British throne is a mere figurehead, if preserving ancient forms of government while operating as a democracy pleases the Britons, it is not our part to object. If they insist on having a king it is fortunate that they are promised as sensible a successor to the present one as the Prince of Wales appears to be.—San Bernardino Sun.

CAR SHORTAGE MENACES SURPLUS CROP OF STATE

With the prevailing car shortage looming up ominously and with no apparent relief to come for a matter of months, merchants, manufacturers, traffic officials and business men generally are daily becoming more concerned with ways and means that may prevent a disastrous tie-up of industry such as marked the car shortage era of 1907.

It is being accepted as a foregone conclusion that the outlook for relief is so far distant that California citrus, vegetable and fruit growers stand to lose millions of dollars in perishables that they will be unable to get to the eastern market.

Car Shortage Causes Waste

In view of a 70 per cent world crop production, a 55 per cent production in the United States and, on the other hand, an estimated 125 per cent production for California, this state is facing a situation in which its surplus, so greatly needed in the eastern markets, will suffer stagnation and ruinous loss unless herculean measures are taken to save it.

With a 35 per cent increase in crop acreage, the cantaloupe growers are assured of only 40 per cent of the cars necessary to move the crop to market. With over 2000 cars already behind normal schedule, citrus growers are contemplating the possibility of a goodly portion of the crop remaining on the trees. Vegetable growers are reported as already plowing under thousands of tons of edible vegetables and are appealing to the city to relieve them of the necessity of plowing under thousands of tons more.

Grape Growers Hit Hard
A development of the situation reported today is the effect that wine-grape growers of Southern California, with over 250,000 tons of wine grapes already contracted for by eastern buyers at \$5 a ton, will in all probability stand to suffer practically a total loss of the crop. Cars will not be provided for them, it is said, because of their ultimate disposition into wine and grape juice, whereas more essential fruits are in such demand.

Dr. George P. Clements, horticulturist of the Los Angeles Chamber of Commerce, sees in the situation but one saving solution, which he emphasizes as of the utmost importance not only for the present, but as the logical and economic thing to do for all time—the dehydration of fruits and vegetables.

Dehydration Best Recourse
The significance of reducing perishable fruit and vegetables to one-twentieth their green weight and bulk, without impairing flavor, texture or quality, when cited in figures of car tonnage that could thereby be dispensed with, is striking when compared with the need for transportation economy just now.

The following figures on fruits and vegetables subject to dehydration, based on last year's crop reports and partial estimates for this year, for Southern California alone, are given:

	Tonnage
Apricots	44,500
Berries	1,000
Cabbage	60,000
Cauliflower	36,000
Celery	5,000
Wine grapes	64,000
Lettuce	200,000
Peaches	73,000
Pears	32,000
Plums	11,000
Sweet potatoes	14,000
Potatoes	150,000
Tomatoes	144,000
Others	8,232
Canned and Preserved	5,170

Total 847,962
Dr. Clements points out that if but 50 per cent of this tonnage were dehydrated a saving of 354,000 tons would be made and, on the basis of a 20-ton car capacity a saving of 17,000 cars effected.

Besides this there is calculated the great saving in money necessary to provide containers and the relative difference in cartage at both ends of rail transportation.

Five-Foot Shelf of Fruit

"On this basis the housewife would be furnished with a winter supply of vegetables and fruits on a five-foot shelf, available without culinary waste or labor, that originally would fill the basement and from which she would only get from one-third to one-half the food content," states the chamber official.

"If Southern California capital and growers' associations will more generally engage in this profitable and

altogether economic solution of handling perishables this section of the country will not only bear the reputation of more nearly sustaining itself than any other section but will as well be in a position to far better avail of its surplus without the great losses attendant upon car shortages and other perishable market conditions."

IT HAS A WET SOUND

Mr. Brayan poured over the menu quite a while before giving his ample order.—Forbes Magazine (New York).

HOME INDUSTRIES FIRST

The only consoling thought about all these taxes is that we might be paying them to Germany.—Seattle Post-Intelligencer.

These Folks Had a Vacation Club Account

—Just about a year ago, many of your friends started laying aside in this Bank a small amount each week for a Vacation Trip. We helped them by adding interest, so now with Vacation time at hand they have the money to go away and enjoy themselves. This is just one of the many pleasures that come to those who have learned how to save. You can do the same if you will adopt a plan of saving and then follow it. We should like to explain our plans to you—any time that it is convenient.

Cucamonga District

Items of Interest as Gathered by
A News Special Representative
In and About Cucamonga-Alta Loma Dist.

Mr. and Mrs. Clifford Murphy and children of Riverside, Mr. and Mrs. Mitchell of San Dimas, Mrs. Lula Snyder, Mr. Farquhar's sister and their three nieces, Miss Clara Masterson of Riverside, Miss Gladys Todd of Los Angeles and Miss Thelma Sartain of Claremont all enjoyed a Sunday dinner with A. J. Farquhar and family.

Virgil Davis now has a 16-valve No. 10 Ford racer.

Mr. Homer Stipe has another fine team of horses which he purchased in Los Angeles last week.

Mr. E. G. Eymann has a light form of smallpox and his home is now quarantined.

Mr. and Mrs. J. W. Anglin and niece, Miss Lillian Anglin, spent Tuesday in Los Angeles.

Emil and Rudolph Horst were Sunday visitors to the Angel City.

Mr. and Mrs. C. Downing and

daughter, Little Miss Ruby, and Mr. and Mrs. John Walker and children and Mr. John Canup motored to San Bernardino Saturday evening.

Woman's Club
The Cucamonga Woman's Club enjoyed an unusually interesting meeting as guests of Mrs. J. H. Williams at her pretty bungalow home in Ontario, Thursday afternoon of last week.

The members motored over from here and a number of members of the Current Events Club were also present. Mrs. Chas. Beckley opened the program with one of her enjoyable piano solos. Current event topics followed. The subject of the afternoon up for discussion was the "Japanese Problem in California." Mrs. Williams, Mrs. A. D. Bridge and Miss Crawford being the speakers on this momentous question. Miss Crawford, an Alta Loma girl, has recently returned from Y. M. C. A. work in Japan and told of some of the ideals, customs and life of the Japanese in his native element. At the close of the afternoon the hostess assisted by Mrs. Harry de Berard served dainty refreshments. The next meeting will be Thursday, May 27th, at the home of Mrs. J. W. McKee.

The ladies of the Nazarene church met last Tuesday at the home of Mrs. MacKeen for the monthly missionary meeting. After the devotional

and business meeting the remainder of the afternoon was spent in sewing for Mrs. Hutchins.

Arthur Anglin left last night for Mentone, about six miles from Highland, where he was sent as agent of the Santa Fe railroad.

Mr. and Mrs. Lester Holland and Mr. and Mrs. Tolbert Griggs motored to Ontario Saturday evening.

Mr. and Mrs. Ed Ramsel and brother, Louis Ramsel, and Mr. Arthur Skinner and Henry Albert of Alta Loma were among the many that motored to Venice to see the bathing girls parade and see the sights on the opening day.

Mr. and Mrs. A. I. MacKeen had as dinner guests Sunday Mr. and Mrs. Haynes of Los Angeles. Mr. Haynes is a private detective for the Hotel Alexandria.

Little Miss Martha Hutchins is able to be at school again after a few days' illness.

Mr. and Mrs. Dick Hawley of Los Angeles spent Monday evening and had dinner with Mr. and Mrs. G. W. English.

Dr. Hammond had a slight paralytic stroke one night last week. He was taken the following day to his daughter's in Los Angeles by Mr. Henry Canup in his auto. Miss Alice Stewart accompanied him. At last report he is improving.

Mr. and Mrs. Roy Cowdry and mother, Mrs. E. G. Galtier, and sister, Miss Argie Galtier, attended the movies at Ontario Saturday evening.

Miss Clara Tavener spent the week-end with her friend, Miss Mary McCord at Miss McCord's home in Los Angeles.

A few of the friends of Mrs. Mary Allen of Alta Loma took the occasion of her birthday to celebrate with a little surprise picnic lunch. She was spirited away to the great outdoors where a delightful lunch was enjoyed by all among the pine trees and wild flowers. Those present were Misses Eleanor Albert, Alice Harvis, Alice Featherstone, Lillian Anglin, Esther Harris and Mrs. Allen.

Mr. and Mrs. G. W. English had as week-end guests Mr. and Mrs. W. B. Guinn of Huntington Park but formerly of Cucamonga, and Mrs. Guinn's son, Mr. Roy Ladeu of Ocean Park. Mr. and Mrs. Dana also joined the crowd Sunday to enjoy the Sunday dinner.

Lewis Anderson, now a conductor on the Los Angeles street cars, spent the week-end with his parents, Mr. and Mrs. W. L. Anderson.

Mr. D. R. Glenn and wife spent several days last week with their children at Fullerton.

Mr. Joseph Booth returned home from Chowchilla where he has been visiting his son, Roy Booth, and family.

Mr. George Bennett has sold his home place to Thomas Grammar. Mr. Bennett will leave at once for his old home in Missouri.

Mrs. Sarah E. Shaftstall and daughter Miss Jessie spent Saturday at the

home of her parents, Mr. and Mrs. J. M. Gillam of Los Angeles, and Sunday with her friend, Mrs. Bert Rowe, and family, of Venice. The crowd was so large that they did not attend the parade and it was almost impossible to get a street car home.

Mr. and Mrs. George Archer, accompanied by Mr. and Mrs. Frank Carpena and family, motored to Los Angeles Sunday in their Saxon Six, where they enjoyed the day at Eastlake Park.

Claude Glenn and family, of Fullerton, has accepted a position with the Lucas Ranching Co., and will be ready to fill same June 1st.

Mr. Maurice Bonillas and sons will start planting corn next week. They expect to be kept very busy as they are planting 500 acres.

R. G. Galtier and family are moving to Exeter this week. Mrs. Galtier and daughter, Miss Argie, will remain here until school closes. Mrs. Galtier's sister, Mrs. A. A. Pierce, and family, of Ontario, will move to the home being vacated by Mr. Galtier and family.

Mr. and Mrs. Firmin Lucas are spending a few days at their cottage at Balboa Beach.

Mr. and Mrs. Frank Canup and daughter, Miss Gazel, spent Monday in Los Angeles.

Virgil Davis and family and Mr. and Mrs. D. R. Glenn motored to San Bernardino Monday evening.

The Colton grammar school will be at the Cucamonga school May 21st.

The revival at the Nazarene church started off fine. Good attendance and all seem much interested, which always means a success.

Lawrence Carpena is on the sick list.

Mrs. Leon Lucas enjoyed a visit last week from her mother, Mrs. Dean, of Pomona.

Nelson Van Fleet and wife left Friday for El Centro in Imperial Valley in their auto, to visit Mrs. Van Fleet's parents, Mr. and Mrs. Wm. Pool. They expect to be gone about one week.

Miss Maude Garrard, Miss Marjorie Bonillas and Mr. Maurice Bonillas attended the show at Pomona Saturday evening.

Mr. and Mrs. G. W. English, Mr. and Mrs. Leslie Stevens attended the movies at the Colonial Wednesday evening.

Mr. and Mrs. Jess Parsons and children accompanied by Mr. and Mrs. Frank Canup and daughter, Miss Gazel, spent Saturday evening motoring to San Bernardino.

Mr. and Mrs. Tmockiaro and Mr. and Mrs. Potane and sons went to Rich Canyon Sunday to enjoy the day, returning to their daughter's, Mrs. Greco's, to enjoy a chicken dinner.

Mrs. Horace Parker and son, Horace, Jr., spent the week-end with Mr. Parker at Hicks, on the desert. Mrs. Parker says these hot days here are nice to the weather there.

J. B. Moore and wife of Ontario and Fred Maxwell and son of On-

CLEAN UP AND KEEP IT UP!

Did it ever occur to you that your back yard, your front lawn, the parking in front of your house and the alley back of the house could be made a source of pride and a joy forever?

And if you own a vacant lot that is covered with weeds, a little of this, and a little of everything else, you are adding your portion to making this town look run down at the heel and a near-relative to "Sloppy Village."

The Upland Chamber of Commerce, bearing in mind that about 90 per cent of the "Home Makers" of the City of Upland own their own homes and realizing that to "own your own home" is one of the prerequisites of "one hundred per cent Americanism," offers a series of prizes to encourage everybody to "own their own home," as well as to make Upland the cleanest, prettiest and most attractive little city in California.

Our slogan for Upland in the past has been "Biggest Little City in San Bernardino County," and we are going to change that to "Cleanest, Prettiest and Most Attractive," as well as Biggest Little City in San Bernardino County.

The contest is to be divided into three classes and each class will be judged on points, as follows:

Class 1, Best City Lot—General appearance of lot, 20 points. General appearance of gutters and parking, 25 points. General appearance of lawn and plantings, 15 points. Cleanliness and attractiveness of back yard, 25 points. Cleanliness of alley in rear of lot, 15 points.

Class 2, Acreage, Best Five or Ten Acres—Cleanliness of gutter and attractiveness of parking, 50 points. General appearance of front and rear grounds, 25 points. General appearance of grove, 25 points.

Class 3, Business House—Most attractive window display, 40 points. Cleanliness of back yard and alley, 60 points.

Judging will be done by out-of-town residents. No one residing within the city limits of Upland will be allowed to judge the contest.

June 1, 1920, will be the date on which judging is to be done, so everybody has two weeks in which to GET BUSY!

Following are the prizes:

Class One—First prize, \$50.00; second prize, \$25; third prize, \$10.00.

Class Two—First prize, \$50.00; second prize, \$25; third prize, \$10.00.

Class Three—First prize, \$25.00; second prize, \$15.00; third prize, \$10.00.

SOCIETY

HARD TIME PARTY AT CROWELL HALL

A social given by the Epworth League members in Crowell hall last Monday was a great success, and a jolly evening was spent by the fifty people present. It was a hard times party and prizes were offered for the best costumes, the girls' one being awarded Miss Avie Springer and the one for the boys going to her brother Darrell. After an evening of fun and merry games refreshments of waffles and rolls and coffee were served.

DELIGHTFUL LUNCHEON AT CASA BLANCA

The blue and gold dining room at the Casa Blanca Hotel in Ontario was a very attractive scene when Mrs. Charles Frankish entertained with an elaborate luncheon in honor of several Eastern friends. The guests of honor were Mrs. L. H. Mertz of Chicago, Mrs. William F. Brainerd of Oakland, and Mrs. James Barnett of New York, who is the guest of her father and mother, Mr. and Mrs. Robert Nelson, of North Euclid avenue. The other guests were Mrs. James L. Paul, Mrs. Isaac C. Baxter, Mrs. Arthur Hungerford, Mrs. C. E. Grier, Mrs. Geoffrey J. Fleming, Mrs. G. A. McCrea, Mrs. H. E. Swan, Mrs. W. A. Freeman, Mrs. F. A. Brown, Mrs. Earl H. Richardson, Mrs. F. M. Taylor, Mrs. Welles Ross, Mrs. R. T. Nelson, Mrs. G. W. Moore, Mrs. H. I. Ross, Mrs. Christopher Sheppard, Mrs. R. F. Lemon, Mrs. J. H. Titus, Mrs. C. B. White, Mrs. Almee Huntton, Mrs. P. W. Nichols and Mrs. Charles Frankish.

ANNUAL ELECTION OF P. T. A. OFFICERS

The P. T. A. of the Upland grammar schools held its last meeting of the year last Tuesday at which the annual election of officers took place. The following were elected: Mrs. Keith W. Fuller, president; Mrs. R. R. Brownson, vice-president; Mrs. W. Holden, secretary, and Mrs. Chas. Spencer, treasurer.

The association has worked steadfastly for two objects this year, both of which have been accomplished. The most important one is that of providing special instruction for children not able to keep up with the regular classes. A "special room" will be included in next year's courses, with a competent, trained teacher. The second matter the P. T. A. has succeeded in putting thru is having the school playgrounds open during the summer holidays for the benefit of the children. A supervisor will be in charge, and the school equipment has been offered by the authorities. Mr. Clapp has kindly agreed to give some time to the plan and it is hoped the parents will heartily cooperate with the school faculty and encourage their children to come and play in safety and freedom on the play grounds of the Tenth street school during the summer months. It is planned perhaps to have a day a week at the Eighteenth street school grounds as well, but all details are not settled.

The twenty-first annual convention of the P. T. A. and the California Congress of Mothers is being held in Los Angeles this week at which it is estimated two thousand delegates are present from all over the state. Several subjects are under discussion of which a fuller account will be given in the next issue.

CHAFFEY JUNIORS PRESENT PLAYS

A very appreciative audience filled the auditorium last Wednesday afternoon at Chaffey when the juniors put on a program consisting of two plays and a musical intermission.

The first play was a humorous dialogue between a Frenchman and his wife and their maid, who after being scolded soundly for breaking a cup, refuses to open the door to the important guest they are expecting until she is promised several favors, the last one being a request for an apology from the mistress for the cross words and names she had been called. The play was very amusing and kept the audience in a laughing mood during its run. The part of the French lady of the house was very well done by Miss Geraldine Norton, while the husband's character was true to life and admirably portrayed by Richard Baer. Miss Ruth Cooper took the part of Rosalie the maid of aggravating tendencies and made the utmost out of the character.

A charming solo by Miss Edna Lebig accompanied by Miss Marion Short on the violin, Malcolm Davison on the cello and Mr. Blakelee at the piano, was very much enjoyed, and the trombone solo by Gene Moore received great applause. The hit of the afternoon though was an original song composed by George Stafford and sung by the "Dirty Dozen" Glee Club. The tune was a well known one, but the words were Mr. Stafford's own composition, and the handclapping which followed the spirited rendering showed Mr. Stafford's poetical production was highly approved.

The second play was entitled "The Neighbors" and was a perfect sketch of human nature. The neighbors, who are all too busy with their work, ailments and self-pity, are suddenly called on to help one of themselves and in the excitement and interest of

thinking of some one else's trouble and trying to give all the assistance in their power, they find out life is worth living and that they have time to do for each other.

The cast was composed of six girls and two men, the latter giving all the humor to the otherwise pathetic situation. Benita Spencer as Miss Able, the capable, bustling housewife, was very good, while the two neighbors Miss Trot and Miss Moran, taken by Missen Gurley and Lena Leahy, one fussed to death with a buffalo moth just discovered in her carpet and the other with the misery in her back and shoulders, proved wonderfully that kindly human interest in "neighbors" makes one forget one's own troubles. The character of "Granma" played by Collina Magill required a great deal of skill which was given with a practiced touch. Her pathetic prayer to a Higher Power to be allowed to die busy, her arms and legs and head and back always working to the end, was remarkably well done. The neighbor about whom all the excitement centers, Miss Carrie Ellsworth, was played by Olive Armstrong, and her acting with that of Ardis Bradley, who takes the part of Miss Able's daughter and has great difficulty in getting her bashful lover to speak, showed careful work and added very much to the success of the whole play.

The two men caused most of the laughter, "Erny" (Walter Piety) fussing over the load of wood put in his yard instead of the purchaser's, was very amusing in his efforts to find out whom the wood really belonged to, and very earnest in his endeavor to help out Miss Ellsworth when he finds she has to adopt her dead sister's child. Gene Moore as the bashful lover brought down the house, and certainly gave his sweetheart a lot of trouble before he finally found his tongue.

Altogether the afternoon's entertainment was a big success, and it is hoped the seniors for whose benefit the affair was staged will enjoy their party while the juniors are planning to give them with the financial proceeds from the plays.

DONNIE BROOK FARM, THE NEW HOME OF THE PAUL SCHWALTERS, IN THE NORTH

The many friends of Mr. and Mrs. Paul Schwalter, who were so popular in Upland, and who have recently bought a ranch above Springville, will be delighted to know of their purchase. The property, which was formerly known as Palm Brook Farm, was bought of Mr. M. F. Palmer, an old friend of Mr. Schwalter's, and well known in Upland.

Because of the very serious illness of his sister, Mr. Schwalter has been unable to move his family to their new home, and through the kindness of Mr. and Mrs. Palmer are occupying the beautiful camp known as Paradise Ranch.

The farm is a beautifully situated property of about 330 acres, and includes 100 acres of rich bottom land, pasturage for cattle and hogs, and good fruit land. It has one hundred inches perpetual flow of water, the north fork of the Tule river running through the property, and offering sport with rod and reel as well as easy irrigation. Mr. Schwalter thinks the outlook very favorable for diversified farming, and looks forward with pleasure to the work of improving and cultivating his property. A friend suggests that he adopt China's motto, "Where Everything Grows," and among other things, help to put the sky-riding potato within the reach of ordinary people again. With no electric winds, and free water, he should feel favored indeed.

The new home has been rechristened "Donnie Brook Farm," by a friend, in honor of the Schwalter's little son, Donovan, and being "beautiful by situation," and occupied by two very lovable people, is likely to become a vacation Mecca for relatives and friends, one, who very recently spent a day or two there, remarked, "I don't begrudge him his farm, or the scenery, but to own all in one chunk a farm, mountain resort, natural swimming pool, and a great park, is too much."

Another complains "sour grapes," but all joking aside, Mr. Schwalter's friends rejoice with him in his new possession, and heartily wish him well.

GETTING BETTER TIRE DELIVERIES NOW

"California motorists are securing better deliveries on tires and tubes than those in Eastern states," declares Mr. J. Lynward Grahame, local distributor of Norwalk Tires. "The Eastern freight congestion has tied up the heavy shipments now being made throughout the East, whereas the heaviest California shipment for the summer demand were made during the winter and early spring months while the demand for tires in the East had slackened owing to weather conditions."

"We are able to make immediate delivery of Norwalk Tires in almost any size and hope to be able to supply the demand in this district throughout the summer. No assurance, however, can be given as to the stability of prices. Cotton quotations are constantly advancing as well as the wage scale and only those who place their orders for tires now can be guaranteed protection on prices. This summer the demand for tires, it is estimated, will be from 30 to 50 per cent greater than last year. Motorists will be protecting themselves by purchasing casings while stocks are complete and present prices prevail."

Rev. Chas. Kent returned yesterday from a few days' visit to his mother at Pasadena.

S. P. Holliday of the Tenth Street Garage left last Tuesday on a business trip to Ventura.

Mrs. S. J. Triplett of Oakland, sister of J. W. Elcher, arrived in Upland last Tuesday for an indefinite stay.

Mrs. F. M. Watenpaugh, Jr., spent last Wednesday evening as the guest of her friend, Miss Christine Anderson, of Pomona.

The Rev. J. B. Toomay and John Whitson attended a conference of the Southern California Congregational churches last Thursday at Hemet.

Mrs. Miles Harnley and her daughter, Miss Willamina Harnley, spent Wednesday in Los Angeles and also went to the Mission Play at San Gabriel, which they enjoyed very much.

The A. A. Peterson Co., distributors of used cars, are still in the business, but have made a change in the name of their firm, it now being known as the Peterson Corporation.

Mrs. E. C. Harwood, accompanied by her two daughters, Mary and Katherine, and her mother, Mrs. Jas. Paul, expect to leave early in June for an extended visit to several Eastern cities, New York and Boston in particular.

David Bradford's bungalow on East Ninth street is being renovated and hardwood floors are being laid as well as many other inside finishings. When the carpenters leave, it will be one of the most attractive bungalows on that street.

For Sale—In parcel lots and less, Mixed Fertilizer, Bone Meal, Blood, Nitrate Soda, Superphosphate, Bat Guano, Lime, Potash, Gypsum, ground Sheep and Steer Manure. General Fertilizer Co., Ontario. Phone of office 158; Factory 241-J.

Paul Widmer, Harlan Davis, John Palmer, R. W. Ketteringham and Cecil Dyke went by motorcycle to Ramona Hot Springs, near Perris, last Sunday and spent the day mountain climbing and swimming. The trip was a delightful one, the weather and road conditions being perfect.

Euclid Lodge, No. 68, I. O. O. F., at their regular meeting Tuesday night conferred the third degree on two candidates. Two new applications were received for membership. Next Tuesday, May 25th, the initiation degree will be conferred on four new candidates. All members are urged to be present.

Friends of Mrs. Livingston Porter (Miss Florence Swan) will be glad to hear of the arrival of a son, Livingston Porter, Jr., at their home in Berkeley. Mrs. Porter has many friends in Upland, where she lived with her parents, Rev. and Mrs. Geo. Swan, her father being former rector of St. Mark's Episcopal church. Mr. Porter has taken a position with the International Y. M. C. A. as educational secretary among the returned Czechoslovak soldiers and expects to leave for Europe very soon, to begin his new duties.

Mrs. A. M. Eymann, who has suffered from a badly sprained wrist, is improving.

Mr. and Mrs. E. S. Danner and family have gone to Los Angeles where they will make their future home.

Come to Christian Endeavor next Sunday evening at the Presbyterian church. The meeting starts at 6:15 and the leader is Miss Christian Evans.

Mrs. Sam L. Collins (Marjorie Reynolds) is expected to arrive tomorrow from her home in Porterville and will make a short visit at the home of her parents, Mr. and Mrs. E. B. Reynolds, of North Third avenue.

Mrs. Birch Harrison expects to leave early next week for her old home in North Dakota, where she will visit her mother and father, Mr. and Mrs. Movius, and will also spend some time at other points in the Middle West before returning to Upland.

Judges Charles E. Harwood and his daughter, Miss Aurelia Harwood, will attend the National Council of Congregational Churches which will be held shortly at Boston. They were elected delegates by the Bethel Congregational Church of Ontario and will leave within the next few days for the East.

That "Clean Up" scheme is one of the best that has ever struck our beautiful city. And while cleaning up the premises it will pay to make things harmonize by getting a few new rugs, a table, a chair or dresser, or a good refrigerator, or any of the numerous useful articles to be found at the Upland Furniture Co.

Mr. and Mrs. A. C. Hart have returned from Fillmore where they have been living for the past few years. After seeing his wife and family settled in their former home on First avenue Mr. Hart left for Fillmore where he is employed with an oil company. Mrs. Hart and children will remain in Upland for the summer.

Mrs. Alma Olsen, who recently came to Upland from South Dakota on account of her husband's health, has purchased the beautiful bungalow home of Mr. and Mrs. L. L. Harms on Eighth avenue, which they are to occupy by June 6th. Mr. and Mrs. Harms will spend the summer in Upland, having no definite plans for the future.

Mrs. J. H. Dawson of San Antonio Heights discovered a live rattlesnake outside her kitchen door the other day, which she promptly dispatched to its happy hunting grounds. The extremely warm weather of the past few days must have tempted Mr. Snake to take a longer crawl than usual from his home with rather unfortunate results to himself.

A very jolly motor party drove to Venice and Long Beach yesterday and spent a delightful day at the beaches. Some of them indulged in swimming and all enjoyed the many attractions at both places. Those in the party were Mr. and Mrs. W. F. Cooper, Miss Ruth Cooper, Mrs. S. Spencer, Mrs. Charles Spencer, Mr. Sterle Yetter and Mr. Don Reeder.

Mr. and Mrs. Daniel Ruth, Mr. and Mrs. Gus Schowalter, of Oklahoma, guests of Mr. and Mrs. Ruth, Miss Elizabeth Ruth and Miss Meta Ruth motored to Cajon Pass Wednesday, taking a picnic lunch for the day's outing. Thursday they all motored to Los Angeles, visiting relatives. Mr. and Mrs. Schowalter will visit for some time with Mrs. Schowalter's mother in Pasadena.

Next Monday evening the Boy Scouts will meet at the Junction at 6:45 p. m. and will take the car to the mouth of Cucamonga Canyon. A jolly hiking trip is planned, and the boys will have their supper in the canyon and sleep out under the stars, coming home in time for breakfast the next morning. Scout Master C. W. Alford and Scouts Cleo Moser and Herbert Hall will accompany the boys on their trip.

Dr. and Mrs. Dawson have as their guests this week Mr. York of New York City, who is looking over this part of the country with a view to settling here. He is very pleased with conditions here and expects his wife and family to join him shortly. On Tuesday Dr. and Mrs. Dawson drove their guest to Riverside where a delightful day was spent, and tomorrow they leave for Los Angeles where hosts and guest will spend the week-end.

In a letter received from their friends, Mr. and Mrs. Schafer, who started for their home at Marquette, Mich., by motor some weeks ago, after visiting in California. Dr. and Mrs. Dawson learned of the terrific hailstorm the motorists drove into in New Mexico. The hail was four feet deep, and twenty-seven cars were stalled at the same point as the Schafer. No house was in sight, but finally a solitary ranch house was discovered and the people all made a run for it. As there was only one bed the occupants of 27 motor cars could not all be accommodated. Mr. and Mrs. Schafer were the fortunate ones, the rest of the travelers finding protection from the storm in the barn. After several hours the road was cleared sufficiently for the automobiles to continue and the post card received the other day by Mrs. Dawson announced the safe arrival of Mr. and Mrs. Schafer as far as Lexington, Mo.

Mr. and Mrs. Herbert Yetter, Mrs. Charles H. Spencer, Miss Phyllis Brundji and Mr. Sterle Yetter motored to San Gabriel this afternoon to see the Mission Play.

Mr. E. G. Eymann, who has been ill with smallpox, is improving. The Eymann Lumber Company yard at Cucamonga is being managed by C. C. Eymann during E. G. Eymann's illness, while Mr. L. L. Harms takes care of the trade at the Upland yard.

Mrs. Allan Couch was bowling along Tenth street going west late Wednesday afternoon, accompanied by her young son, at the same time H. G. Helleman was coming south on Second avenue. The result was that the Helleman car turned right around and would have started for home again but it lost a wheel when it went over the curb in front of Grahame's Supply Station. No one was injured in the crash, but the nervous systems of the participants were wrecked.

Tonight and Saturday evening will be given a splendid vaudeville performance at the Colonial in which the pupils of the Upland Grammar School and students of Chaffey High will be the actors. The program promises an evening of fun and every one will enjoy the show. Those who heard Gene Moore's trombone solo at Chaffey on Wednesday will be glad to hear him again and the negro sketch is a peppy affair. Come and see and hear for yourself. You will have a fine evening's fun at a moderate cost.

IN THE SHADOW

Mrs. Hannah R. Proctor died at the home of her son-in-law and daughter, Mr. and Mrs. Richard Heron, in Ontario, on Tuesday, May 18, at the age of 57 years 7 months and 14 days. The funeral will be held tomorrow afternoon at 2:30 at Draper's chapel, Ontario, the Rev. E. S. Young, pastor of the Brethren in Christ Church of Pomona, being the officiating clergyman.

AMERICAN LEGION NOTES

The former 125 service men in training at California under the supervision of the Federal Board of Vocational Education recent the criticism that has been directed at the work of the board through the columns of the American Legion Weekly. As a result the following resolution was passed May 14th:

Whereas, the Federal Board for Vocational Education has been subjected to bitter criticism in the American Legion Weekly and elsewhere; and, whereas, we believe that the public should not be left with the impression that a federal board for vocational education is everywhere inefficient and ungenerous, be it

Resolved, that we, the associated federal students of the University of California, in justice to the Federal Board California District No. 12, located in San Francisco, hereby express our appreciation of the uniformly courteous, fair and generous treatment accorded us by the federal board for District No. 12 and its representatives; and be it further

Resolved, that copies of this resolution be forwarded to the American Legion Weekly and the Federal Board for Vocational Education, District No. 12, and to all local papers round the bay.

Uncle Sam now has 35,000 former service men on his civil service payroll, who have become connected with the government service during the past ten months. The law reads that such men shall be given preference, and preference claims have been filed by 55,000 but only 35,000 were able to pass the examination for the position they sought. Of those who passed 30,000 have been certified for appointment and most of the remaining 5,000 are at work pending certification.

MR. MILLSAUGH NEW HEAD OF HONEY EXCHANGE

An announcement that is meeting with widespread interest and favorable comment throughout the beekeeping districts of the state is that of the California Honey Producers' Cooperative Exchange in the recent affiliation of C. E. Millsaugh with the exchange as its general manager.

The exchange members regard the coming of Mr. Millsaugh as presaging renewed interest in the co-operation on the part of beekeepers of the state.

Mr. Millsaugh is reputed to be a man of wide experience in the production and marketing of honey and is a firm believer in cooperative associations. It is expected that he will bring to the exchange an energizing influence that will, before long, result in greatly increased production and marketing under the most favorable conditions.

According to one of the directors of the Honey Exchange there is every indication that Mr. Millsaugh is just the man to cement together the honey producers of the state, and to make the California Honey Exchange one of the most powerful organizations of the kind in the country.

Mr. Millsaugh has to his credit more than 18 years' experience in the active marketing of bee-products in both America and foreign countries, and is widely recognized as an authority on the standardization of honey and the stabilization of the market.

CHURCHES

LUTHERAN CHURCH

Service every Sunday afternoon at 2:35 at the Odd Fellows hall on Second avenue, Upland. Sermon topic for next Sunday, "The Pentecostal Miracle." Text, Acts 2:1-13. A cordial invitation is extended to all.

ST. MARK'S CHURCH

Services at St. Mark's Episcopal church next Sunday will be as follows: Morning prayer and sermon by the Rev. Mr. Woodford of Los Angeles. Sunday School at 9:45. Every one is cordially invited to these services at St. Mark's.

FIRST CHURCH OF CHRIST, SCIENTIST

Sunday services in the church edifice, West B street, Ontario, at 11 a. m. Subject for Sunday, May the 23rd: "Soul and Body."

Sunday School at 10 a. m. Wednesday evening testimonial meeting at 7:45. Reading rooms of the church are located at 141½ North Euclid avenue, Ontario, and are open daily, excepting Sundays and national holidays, from 1:30 to 5:30 p. m., where the Bible and authorized Christian Science literature may be read, purchased, or borrowed.

The public is cordially invited to attend the church's services and to avail themselves of the privileges of the reading room.

METHODIST EPISCOPAL CHURCH

Prof. S. Earle Blakeslee meets the Sunday morning choir this evening (Friday) at 7:45 o'clock in the church. Preaching Sunday morning at 11 o'clock.

Special service Sunday evening at 7:30 p. m. Several will speak on different phases of Christian Education. "Why I went to college," by Owen E. Atwood. "Why I am in college," by Maud Colborn Watson. "A college education for Christian work," by William Rickel. "Present day necessity of a college education" by W. W. Mather.

Sunday school at 9:45 a. m. Epworth league at 6:30 p. m. Sunday. Prayer meeting on Wednesday evening at 7:30 p. m.

PRESBYTERIAN CHURCH

Services Sunday, May 23rd: Rev. E. C. Norton, D. D., dean of Pomona College, will speak in the morning. Those who have heard the Dean will want to hear him again, and those who have not heard him will miss a rare opportunity if they are not present next Sunday.

The Men's Bible Class will have charge of the evening service. Several men will take part. No one of whom has announced his topic, so it is impossible to make public the subjects in advance. There is sure to be "something different" from the usual. Good music at both services. A cordial invitation to everybody, especially the young people. Come and see what the old men can do.

CHURCH OF THE NAZARENE, CUCAMONGA

Evangelist Anna Brinker Haynes is preaching from night to night. The attendance and interest is good. There will be three services Sunday, 11 a. m., 2:30 and 7:00 p. m., and meetings every night this and next week, excepting Saturdays, at 7:30. Special singing by the evangelist. E. M. HUTCHENS, Pastor.

CONGREGATIONAL CHURCH, ONTARIO

John Barron Toomay, Pastor. Morning service: Prelude—Largo—Handel. Processional, "Holy, Holy, Holy." Solo, selected, by Mr. Raymond Moremen.

Offerory, Ave Maria—Hemelt. Quartette, "Peace of God." Mrs. C. A. Mayo, Mrs. D. C. Parry, Mr. C. J. Frank and Mr. P. A. Russell. Sermon, The Day of Pentecost. Postlude, Selected. Evening Service: Prelude, Intermezzo—Huhn. Offerory—Dudley Buck. Quartette, "Breast the Waves"—Shelley.

Sermon Subject, Simon Peter said unto them, "I Go Fishing." Postlude, Selected.

WINNERS OF THE MISSING WORD CONTEST

The missing letters for last Tuesday's contest were taken from the following merchants' ads: McCann, South Side Furniture Co., and J. J. Atwood Co.

The winners are Viola Colborn, Helen Lee, Dorothy Allen, Mabel Edwards, Verna Shirk, F. H. Rogers, Helen Allen, Burton Riley, Mildred Phillips, Margaret Harris, Dorothy Smith, Ella Penner, Wilbur and Dorothy Thompson, Cecil Kintzi, and Mabel Colborn of Los Angeles.

The letters missing are always taken from words, and the single letter of "a" or "i" are never used. Several people had the letter "a" wrongly guessed this week; the missing letter "a" was taken from the word "carriage."

U. S. MARINES IN MARKET FOR BASEBALL PLAYERS

The United States Marine Corps is in the market for baseball players. Recruiting officers for the sea soldiers have been directed to bend their energies toward the securing of first class players to fill the teams representing the Corps in various parts of the world.

* Etiwanda *

Happenings Here and There as Gathered by a News Special Representative in and About Etiwanda

Mrs. George E. Utman has the sympathy of the entire community in the loss of her mother who passed out of this life at Riverside Saturday evening at eight o'clock. Although Mrs. Codd had been ill for many months she had been much better recently and her death was very sudden. Mrs. Codd has made many long visits in the settlement and was loved by every one for her sweet personality. She will be long remembered here.

A great deal of concern is felt over the serious illness of John Scott, second son of Mr. and Mrs. Jack Scott. He has been ill since Sunday. On Tuesday Doctors Weber and Craig pronounced it a case of spinal meningitis, but it was necessary yet to determine whether it was of tubercular origin or the contagious sort. The Scott family are remaining in quarantine for the safety of the community. The child is not expected to recover.

With no one feeling particularly festive on May Day, with Miss Irene Scott, the May Queen, at home in quarantine, the program went off beautifully and strangers would not have suspected that Evelyn Koch, who took the part of queen, had not been practicing for it. The Chaffey band furnished excellent music under their director, Prof. Wilding. The program, of which every number was excellent, was attended by the entire population with a good many automobile parties from nearby places added, so that it became necessary for Mr. G. E. Frost to act as traffic officer until the machines thinned out somewhat. The ladies of the Parent Teach Association served ice cream all of the afternoon and until the stock was exhausted in the evening. The day was so warm that cold refreshment was in great demand. Several tables were filled by those who brought supper and stayed on the school grounds. A parade, a ball game and out of door sports made up the afternoon program. There was no exhibit put on in the school building as has been customary in former years. As to the evening program, while it gave no more evidence of hard work in preparation than those previously given, still with its very beautiful climax in which the queen held an American flag as the audience rose to the strains of the Star Spangled Banner, the audience was impressed as never before probably by the work which the children did.

The young people gave a social dance at Cypress hall following the exercises on the school grounds on Tuesday evening.

The younger set in Etiwanda had a dance Friday evening at the home of Curtis Smith. Miss Bernice Wilcox of San Bernardino and Miss Dora Lindeen of Cucamonga who were visiting at the home of the Spence sisters were out-of-town guests.

Mrs. Rene Francis, principal of the Etiwanda school, gave a dinner party Wednesday night to her teachers. Miss Bartow, who is living in Rialto has been staying in town every Wednesday night in order to be able to attend the classes conducted by Chaffey in their extension work.

Mr. Howard Perdue is driving a new Hudson car.

Mr. and Mrs. George Sassard visited Mr. and Mrs. O. H. Price and family, Mr. and Mrs. Herbert Price and Mr. and Mrs. J. C. Jones and family Sunday. Mr. and Mrs. Sassard are now located in Watts where Mr. Sassard is running a garage in spite of an attractive offer to return to the shipyards where he was employed during the war.

Mr. Hellman of Artesia has been chosen by the Pacific Electric Company to represent them here as station agent. Mr. Hellman has a family and will locate here.

Grape producers in Etiwanda are much elated over a sale just made by Mr. John Orchard of the 1920 crop on five acres for eleven hundred dollars. This stands as a record price for grapes in the field. They were purchased by an Italian who will peddle them in Los Angeles and who will unquestionably lose no money in the transaction. The acreage sold lies on the Foothill boulevard across the street from the Orchard garage and was purchased less than a year ago by Mr. Orchard, who realized something from the crop then on the vines.

Mr. Fred Gilbert has also disposed of the Canyon Springs grape crop at a net price per ton, which may go over the figure paid for the Orchard crop, if the season proves to be a very productive one. Recent weather has not been remarkably good for the grape crop.

Mr. and Mrs. Luther Wattenberger entertained Sunday at dinner Mr. and Mrs. Claude Wattenberger and family of East Highlands and Mr. and Mrs. Collins of Cucamonga.

Etiwanda people will be interested in the news received by Mrs. Jack Scott of a baby daughter born Tuesday of last week to Mr. and Mrs. Dale Harkness. Mrs. Harkness is known here as Hilda Ogan, who used frequently to visit her aunts, Mrs. John Frost and Mrs. Scott.

Mr. and Mrs. C. C. Brownless and

daughters motored to the pretty picnic grounds at Camp Cajon for their Sunday dinner.

Mrs. Frank Bartholow of Pasadena was an over-night guest at the home of Mr. and Mrs. Don Henderson Monday night, calling on a number of friends Tuesday and visiting the home place for the first time since the Bartholows moved away.

A recent letter from Mrs. Frederick E. Rader of Matanuska, Alaska, says that Professor Rader has regained his health and is very busy at the government experiment station. They are looking forward to a trip south in a year or so.

Members of the Etiwanda Water Company had a lively session at the annual meeting on Tuesday afternoon. Directors chosen for the coming year are Messrs. Ernest Muehler, O. H. Price, W. E. E. Layton, Thos. Donnelly and Rolland Jones.

The J. C. Whites and Mrs. Clark have sold their ranch on the Foothill boulevard to Mr. Camponne who has relatives at Rochester. They will live in Pomona. So Etiwanda loses her oldest citizen, Mrs. Clark being near the hundred mark.

Mr. Thos. Tomsen of St. Louis, who is in Los Angeles for his health, came out Tuesday for the water company meeting as he has been the owner of grape land here for several years.

A soda fountain has been added to the furniture of the O. P. Whitney and Company store in Etiwanda. This promises to run our expense account up again, but why worry about expenses; we have enough of those.

Mr. Robert Bonnell and Mrs. T. Ingvaldsen gave their husbands a birthday surprise party at the Ingvaldsen home Saturday night. Mr. and Mrs. W. G. Pearson, Mr. and Mrs. M. R. Kemp, Mr. and Mrs. W. E. E. Layton and daughters, Mr. and Mrs. Andrew Ingvaldsen, Mr. and Mrs. J. D. Orendorff and Mr. Ferris were present. Mrs. Ingvaldsen and Mrs. Bonnell are royal entertainers. Carls, cake, coffee and cocoa made up the evening's entertainment.

Mr. and Mrs. James B. McNurlin are expecting their daughter, Mrs. Henry Pape, of Pinole, Cal., and their three grandsons, Ross Hickcox, Ralph and Harold McNurlin here in the next few days for a short visit. Mr. Frank Hickcox will come up from Imperial for a visit with his son, who also has a number of other relatives to welcome him here. All three little boys were left motherless during the influenza epidemic and are being cared for by their aunt, Mrs. Pape.

Mrs. Fred Koch's parents, Mr. and Mrs. Winkler, of Cucamonga, came for the May Festival at the school grounds.

LEGAL ADVERTISING

ASSESSMENT NOTICE

Mountain View Water Company—Location of Principal Place of Business, Upland, San Bernardino County, California.

Notice is hereby given, that at a meeting of the Board of Directors, held on the 8th day of May, 1920, pursuant to the unanimous vote of the Stockholders, instructing the Board to dig again for water, an assessment of \$3.00 per share was levied upon each and every share of the subscribed capital stock of the corporation, payable at once to Herman J. Powell, the Secretary of the corporation, at the office of the corporation, at the residence of Herman J. Powell, West Eleventh Street, Upland, San Bernardino County, California. Any stock upon which this assessment shall remain unpaid on the 21st day of June, 1920, will be delinquent and advertised for sale at public auction, and unless payment is made before will be sold on Tuesday the 7th day of July, 1920, at 2 o'clock p. m., to pay the delinquent assessment, together with costs of advertising and expenses of sale.
HERMAN J. POWELL, Secretary.
May 20th, 1920. 214

NOTICE OF ASSESSMENT

Lemon Heights Water Company—Location of Principal Place of Business, 274 "B" St., Upland, San Bernardino County, California.

Notice is hereby given that at a meeting of the Board of Directors, held on the 10th day of May, 1920, an assessment of \$5.00 per share was levied upon each and every share of the subscribed capital stock of the corporation, payable immediately to F. W. Palmer, the Secretary of the corporation, at the office of the corporation, at 274 "B" St., Upland, San Bernardino County, California.

Any stock upon which this assessment shall remain unpaid on the 15th day of June, 1920, will be delinquent and advertised for sale at public auction and unless payment is made before, will be sold on Monday, the 5th day of July, 1920, at 10 o'clock a. m., to pay the delinquent assessment together with cost of advertising and expense of sale.

By order of the Board of Directors.
F. W. PALMER, Secretary.
Office, 274 B Street, Upland, California. 7514

MOVING BUILDINGS

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Upland School District of San Bernardino County, California, up to 9:30 a. m. of June 4th, 1920, for the removal of the old 18th Street School building in the City of Upland to the Mexican settlement north of Camp Avenue. Said building will be removed in two sections, the roof of same to be taken off before moving. The new foundation will be constructed by owner.

Each bid must be accompanied by a certified check for 5 per cent of the amount of the proposal. Such check to be made payable to the chairman of the Board of Upland School Dist. as a guarantee that the bidder if successful, will enter into a contract, satisfactory to the Trustees, and give a good and sufficient bond that the contract will be faithfully performed and all bills paid.

The Trustees reserve the right to reject any and all bids and to waive any minor informality advantageous to the District.

By order of the Board of Trustees of the Upland School District.
7516 By MRS. F. H. MANKER, Clerk.

HOLLIMAN IS UP ON THEFT CHARGE

Bob Holliman, widely known cattleman of the desert and who several months ago figured in the bitter feud with the Rock Springs Cattle Company and a desperate gun battle with Pat and Roy Woods, was yesterday arrested by Deputy Sheriff Dick Bright on a warrant issued on a complaint sworn to by W. B. Barr charging him with selling mortgaged property.

It is alleged that Holliman sold cattle to R. F. Garner of San Bernardino which were covered by a mortgage held by Barr. The cattle were viewed here and declared by Barr to be the cattle covered by his mortgage.

Holliman's bail was fixed by Judge Edward Wall at \$500.

The gun fight on the desert was dropped several months ago when the charges against the Woods were dropped. Holliman charged they attempted to kill him. The Woods contended Holliman started the fight and drew his gun first.

Clean Up—Paint Up and Keep It Up

It is wonderful what an improvement we are making in the appearance of our little city, in this Clean Up and Paint Up Campaign.

Perhaps there is something in the interior of your home that we might improve, to make it a little more homelike.

We might suggest a little Savabrush to clean up that old floor, linoleum or any other painted surface; or Aeme Varnolac for refinishing that worn furniture.

AND LISTEN—Have you forgotten the divver, or it might be a "Cad." Our Da-Cote Enamel and Top Dressing will make it look like a million.

Our advice as practical painters cheerfully given with every can of paint.

THE GIRLS' PLEA

Has any one stopped to consider why so many girls of Chaffey are getting their hair cut? Why there have been frequent tardinesses? Why they have been troubled more or less with colds? Why some girls look so untidy? Why are complexions looking so tan and seem burned? Why a larger number of girls don't go in swimming? Can you guess why?

It is not a secret; let me tell you the reason. The Chaffey plunge ought to be equipped with an electric hair-drying machine. Just think what a hair-drying machine would solve. Only girls know what a nuisance hair is when it is wet, and with no way of drying it speedily. Then to have to get it combed and dried before the next period is certainly out of the question. The only safe and sure way of overcoming these serious questions in connection with wet hair after swimming, is for the plunge to

TIGER GROWLS

Summer time is here, all right. See all the girls blossoming out in the new smocks and white shoes!

The beach sounds pretty good to most of us. The water may be cold, but, Oh, Boy! we love it.

And the plunge is popular, too. Join the throngs and have a swim. Chaffey needs your two-bits more than the L. B. B. H. does.

Was the Junior play, or rather plays, good? We'll say so.

Who did it? Did what? Got the drum major's goat? Ask the band.

Another girl has joined the ranks of the enemies to society. She has had her hair "bobbed."

"Who pays for the cones?" is the favorite query heard at noon.

Miss Plant said that even the rolling of dice was not chance, that it was done by law. Well, there's a lot of us would like to know what the law is.

There are a lot of Bolsheviks around who are demanding that the ice cream cones be made "communist property."

We wonder why there are not more bachelors in the world. From the experiences of some of the younger men around here we would think that they would develop brains enough to stay away.

There are a lot of fellows whom we can hear leaving home in the morning—their shirts are so loud.

We'd like to know when Mr. Hall makes his rounds so we could keep out of his way.

"Coming events cast their shadows before," said the young hopeful as he dodged the apple core.

"It's lots of fun to listen to a 'bawling out' if you're not the one getting 'bawled'."

MANY CHAFFEYITES ATTEND WOMAN'S DAY

Once each year while the month of May is young the women of Pomona College set aside a day for their very own. This year the girls from neighboring high schools were given the opportunity and privilege of having a share in that wonderful something which the sons and daughters of Pomona call "The Pomona Spirit."

Chaffey was represented in the swimming meet by Crystal Andrews, Marjorie Suelly, Georgene Godsave and Marjorie Atkins. Only those who saw the meet can really appreciate what winning third place in the contest meant. Hollywood, the winner of first place, and Redondo, the proud possessor of second, may be justly proud of the swimming and diving prowess of their respective teams.

Elizabeth Gilman, Marjorie Rice and May Williams played a strong, consistent tennis tournament but did not win because of the skill of their worthy opponents. Experience and faithful practice will help them to win next year.

The loveliest event of the day was the Masque, "Princess Star Dust," given by the women of the college. Each year the masque seems to those looking on lovelier than the last. Let us hope that there will be many more such in the years that are ahead.

FROM OUR EXCHANGES

The pupils of Pomona High School are to study the Pomona Memorial Statue. The statue is to be built by Burt Johnson. It is to cost \$17,000 and is to be dedicated to the Pomona men who fought in the World War.

On April 29th, Galli-Curel gave a concert at Stanford assembly hall.

The seniors of San Diego High School won the inter-class swimming cup for the fourth time. Griffith, a junior, made a new record for the school with a glide of 54 feet four inches in the plunge for distance.

Stockton High School ranks first in scholarship among the high schools

of California. Congratulations, Stockton.

A French class of Pasadena High School is to have an unusual opportunity. The members of the class are going to correspond with students of French schools, who are studying English.

Jefferson High is making preparations for a big vaudeville program. One of the chief features is a clever satire, "Food." It is a prophecy of what food prices are to be. Sugar is eleven cents a grain and food is kept in a safe with burglar alarms.

EQUIPMENT ARRIVING IN CARLOADS AT ARROWHEAD

Carload shipments of equipment of various sorts for the United States Public Health Service Hospital at Arrowhead Springs are now arriving almost daily, though not nearly as rapidly as Dr. George Parcher, the medical superintendent, would like to have it.

A considerable amount of motor car equipment has been received, this including cars for use of the staff members, ambulances, trucks and other machines for general use.

The first shipment of 100 hospital beds with all the necessary bedding and other equipment to go with them has also been received and are being put into place as rapidly as the rooms can be gotten into readiness to receive them.

New kitchen equipment is being installed and will be completed probably within a week or 10 days. An ice machine is also to be installed, and other conveniences secured to provide every possible comfort for the hospital patients.

Supervising Architect Roberts is expected to return to the hospital within a week when final plans will be completed for alterations to be made by the carpenters, also several new improvements to be put which will include bridges between the buildings, some new structures and other work to make the present plant more suitable for hospital purposes.

Loose Leaf Devices, Card Indexes, at The News

You'd Startle Your Tailor

if, when you wanted a suit of clothes, you asked him to submit a bid in competition with a dozen other tailors.

"Why," he would say, "this is ridiculous. This man knows what kind of a suit of clothes I give him. He knows he can depend on the quality of the material, the make, the fit. He knows me, and has proved my work. Some fellow around the corner may underbid me—but what will he deliver?"

You don't buy tailoring that way. No man does. You know your tailor, you rely on him, you trust him, you give him your work just as long as he turns out good work at prices that are fair.

Do you buy your printing as intelligently? Do you make it your business to find a good printer, as you do a good tailor, and then rely on his experience, his ability, his judgment?

Men who do, get good printing. Men who buy printing here and there, wherever the price is shaved closest, are the ones who have printing worries.

FOLLOWED MARINES BECAUSE THEY WERE KIND TO HIM

Fred Steichrist, fourteen years old, succeeded where the kaiser failed. He got to Paris. He was the first German, outside the peace delegation, to reach the French capital since 1914. But it took American Marines to put him there. When the Paris gendarmes arrested him, he said he had followed two American Marines from Coblenz because they had been kind to him.

RESOLUTION OF INTENTION
NO. 10.
IN THE MATTER OF ROAD
DISTRICT IMPROVEMENT NO. 10.

Resolved, That it is the intention of the Board of Supervisors of the County of San Bernardino, State of California, proceeding under and by virtue of the road district improvement act of 1907, and in the matter of road improvement district No. 10, on the 28th day of June, 1920, at the hour of 11 A. M. of that day or as soon thereafter as the matter can be heard, at the chambers of said board, to order work to be done, as follows:

(a) The improvement of that portion of Hellman Avenue, a public road, in the County of San Bernardino, between the South line of Olive Street and a point 17,750 feet South of said South line of said Olive Street as follows:

(1) The construction of a cement concrete paved roadway twenty-four (24) feet in width and four (4) inches in thickness, along and in the roadway of said Hellman Avenue from the said South line of said Olive Street to a point in said Hellman Avenue 17,750 feet South of said South line of said Olive Street, and along and in the intersection of Base Line Street with said Hellman Avenue, and along and in the intersection of each and all the other public roads intersecting said Hellman Avenue, between said points, shown on the plans; except the intersection of the State Highways.

(b) The construction of cement concrete curbs twenty-eight (28) inches in height, six inches wide at the top, and ten (10) inches wide at the bottom along the curb lines, along and on both sides of the roadway of said Hellman Avenue between a point on the East side of said roadway 1,940 feet, and on the West side of said roadway 1,845 feet South of the South line of said Olive Street, excepting that no curbs shall be constructed at the points shown on said plans to be occupied by culverts, to-wit: Between a point 4,370 feet South of the South line of said Olive Street and a point 4,970 feet South of the South line of said Olive Street; and, also, between a point 14,650 feet South of the South line of said Olive Street and a point 15,090 feet South of the South line of said Olive Street.

Also, the construction of curbs and curb returns at the intersection of said Hellman Avenue with Base Line Street, and the construction of curbs and curb returns at each and all other intersections of each and all other streets intersecting said Hellman Avenue, shown on said plans between the South line of said Olive Street and a point 17,750 feet South of said South line, except the intersection of the State Highway.

(c) The bringing of the portions of said Hellman Avenue along and on which the improvements are to be made, as and as shown on the plans, profiles and cross-sections, and all excavations and all such portions thereof as may be necessary for the construction of said work, in and along said portion of said Hellman Avenue, as aforesaid, and to do such other excavating and filling as is provided in the specifications for said work, or shown upon the plans, profiles and cross-sections, with the specifications thereof filed with the clerk of said board on the 17th day of May, 1920, except at the point at the intersection of the district and grades therein specified matter hereinafter mentioned, which matters are made part hereof and are numbered "10" in the record of said matter.

Said paved roadway and grades and said work hereinafter provided shall be constructed between the points, at the places, along the lines, on the grades, and in the manner shown on the plans, profiles and cross-sections thereof, prepared for such work by Edith E. T. Ham, Engineer, of this Board and filed with this Board on Monday the 17th day of May, 1920, and the specifications, plans, profiles and cross-sections of all persons are referred to further particulars as to said work. Which said plans, profiles and cross-sections are numbered "10" in the record of said matter.

Nothing herein provided shall be construed as requiring any of the work herein specified to be done within the roadway of any railroad or within any area which by law is required to be kept in order or repair by any person, firm or corporation, having railroad tracks thereon.

For the costs and expenses of the work and the proceeding bonds will be issued to the amount of six per cent per annum, at the rate of six per cent per annum, part of the principal annually, all in gold coin and the aggregate principal of said bonds shall be paid and discharged within "20" years from the issue thereof.

A special fund for the payment of said bonds is to be constituted by the levy of special assessment taxes upon all land within the district to be known as "Road Improvement District No. 10 of the County of San Bernardino."

Such district being all that territory in the County of San Bernardino, State of California, within exterior boundaries as follows, to-wit:

Beginning at the intersection of the center line of Olive Street with the East line of Beryl Street as shown on the map of the Cucamonga Homestead Association as recorded in Book 4 of Maps at page 46, Records of San Bernardino County; thence East along the center line of said Olive Street to its intersection with the West line of Amethyst Street; thence South along the said South line of said Base Line Street to its intersection with the West line of Archibald Avenue; thence East along the West line of said Archibald Avenue, to its intersection with the North line of Sixth Street as delineated upon the map of the Cucamonga Fruit Lands, as recorded in Book 4 of Maps, at page 4, Records of San Bernardino County; thence West along said North line of the lot 18 in said Section 15; thence West to the lot 19 in said Section 15; thence North following the lot lines, to the Northwest corner of Lot 18 in said Section 15 of said Cucamonga Fruit Lands; thence West to the Southwest corner of Lot 12 in said Section 15 of said Cucamonga Fruit Lands; thence East along the said East line of said Vineyard Avenue; thence North along the said East line of said Vineyard Avenue, to its intersection with the South line of San Bernardino Avenue; thence Northwesterly across said San Bernardino Avenue to the Southwest corner of Lot 8 in Subdivision "B" of the Cucamonga Vineyard Tract, as recorded in Book 20 of Maps at page 45, Records of San Bernardino County; thence Northwest along the West line of said Lot 8, to the 9th of said Subdivision "B" of said Cucamonga Vineyard Tract, to the Southern Railway Company's Right of Way; thence Northwesterly along the said Right of Way line to its intersection with the West line of Section numbered 3, T. 1 S., R. 7 W., S. B. & M.; thence East along said West line of said Section 3, and the prolongation thereof, the North line of Base Line Street; thence East along said North line of said Base Line Street to its intersection with the East line of Beryl Street; thence North along the said East line of said Beryl Street to its intersection with the center line of Olive Street, said point being the place of beginning.

Notice is hereby given that at the time specified hereinbefore for ordering the work, the matter of said district improvement No. 10 will come up for hearing, and all objections, which are, under the provisions of said road district improvement act of 1907, entitled to be heard or determined, shall be heard and determined, and the boundaries of said district and grades therein be finally determined and established.

The Upland News, a semi-weekly newspaper, printed and published and circulated in the County of San Bernardino is hereby designated as the newspaper for making publication of this resolution and for making all other publications in the proceeding.

I, R. Lothrop, a county officer, is hereby appointed superintendent of work without compensation.

The foregoing resolution was, on the 17th day of May, 1920, passed by the Board of Supervisors of the County of San Bernardino, State of California.

Attest: HARRY ALISON, Clerk of the Board of Supervisors of said County of San Bernardino.

By R. M. MACK, Deputy Clerk.

I hereby approve the foregoing resolution.

(Seal) A. B. MULVANE, Chairman pro Tempore of the Board of Supervisors.

BRITISH MERCHANT MARINE
EMULATES AMERICAN

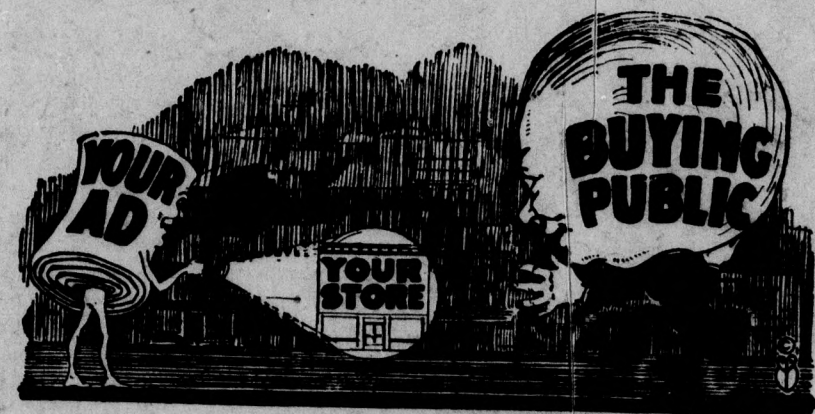

Determined not to be outdone by the young and vigorous American Merchant Marine, the British Merchant Marine is to emulate the educational work which the American Library Association is performing in supplying libraries for American merchant crews. The Upland Public Library has learned that the Merchant Marine department of the A. L. A. which already has supplied libraries to more than 1600 American vessels, has been asked to supply information regarding this service to the Central Library for Students, London, which will advise on similar work for the British Mercantile Marine. Through the proposed library service, British shipping interests plan to give merchant seamen opportunity to develop their education along lines of their own choosing. The program is expected to benefit at least 150,000 men. The service to be followed by the British is given to the American Merchant Marine by the American Library Association from twenty-seven important seaports, including Manila and Honolulu, through special dispatch offices or through public libraries acting as representatives of the A. L. A. A dispatch office recently established at Sault Sainte Marie, Mich., supplies vessels plying the Great Lakes.

Continuation of the library service to American merchant sailors is a part of the "Books for Everybody" program of the American Library Association. More than sixty million Americans are now without access to free public libraries, the U. S. Bureau of Education declares.

The Upland Public Library is co-operating in obtaining the nationwide fund of \$2,000,000, without an intensive campaign.

The Russians seem to be getting polished in the west and japed in the east.
